

## AGRICULTURE EDUCATION DAY

The “Agriculture Education Day” was celebrated on 3<sup>rd</sup> December, 2017 at ICAR-National Bureau of Fish Genetic Resources, Lucknow. On the occasion, ICAR-NNFGR organized different events for the school children which included; Drawing, Painting and Essay competition; under 3 categories up to class six, from class 7 to 12, and class 8 to 12. Total 101 school children representing 18 schools of Lucknow district participated in above said events. Some of the important schools which participated were famous educational organization chains in the area of international repute; such as City Montessory School, Seth M R Jaipuria School, Lucknow Public School and Army School, Kendriya Vidhyalaya etc The themes of the events were relevant to the today’s awareness and societal needs such as Indian Village Fair, Save Rivers and essay Competition on Digital India in Education. The students along with their parents and teachers visited the “Ganga Aquarium” located inside the ICAR-NBFGR campus. The students interacted with the Scientists and two lectures “Agriculture for higher income” by Dr. Achal Singh & "ICAR in Agriculture Education” by Dr. L. K. Tyagi was delivered on this occasion. The celebrations were structured in a way to provide a visit to an ICAR institute with fun and interest to create awareness on the various aspects of biodiversity and agriculture education.
