The 9<sup>th</sup> Annual Review Meeting of the “ICAR Consortium Research Platform (CRP) on Genomics” was held on 28<sup>th</sup> August 2025 at ICAR-National Bureau of Fish Genetic Resources, Lucknow. The meeting was chaired by Dr. J. K. Jena, Coordinator, ICAR CRP on Genomics and Deputy Director General (Fisheries Science), ICAR, New Delhi. The meeting was attended by Dr. Subhadeep Ghosh, Assistant Director General (Marine Fisheries), ICAR; Dr. A. K. Shasany, Director, CSIR-National Botanical Research Institute, Lucknow as an expert, Dr. Kajal Chakraborty, Director ICAR-NBFGR, and Principal Investigators (PIs) and Co-Principal Investigators (Co-PIs) from nodal and collaborating institutes. The meeting started with the welcome by Dr Rajeev K. Singh, Deputy Lead Centre Project Co-ordinator, ICAR-CRP on Genomics.

In his opening remarks, Dr. Jena greeted the participants and emphasized the need to prioritize research areas strategically, balancing immediate needs with mid-term and long-term objectives. He urged investigators to critically assess whether the consortium is progressing at a pace comparable to global standards. He further called for identifying and addressing key research gaps to ensure the consortium’s contribution to the growth of respective sectors. Dr. Ghosh acknowledged the achievements over the past decade and emphasized setting clear and measurable goals for the next phase, with continued focus on interdisciplinary collaboration, high-impact publications, and efficient resource use. Appreciating the progress, Dr. Shasany emphasized on integrating functional genomics, biochemical pathway analysis for translational outcomes.

Following the remarks from dignitaries, the presentations were made by participating institutes of the program. Each PI highlighted the progress made, key achievements, ongoing activities, and plans within their respective domains, which were thoroughly discussed.

Concluding the meeting, Dr. Jena expressed his overall appreciation, and highlighted the collective commitment and contributions that have advanced the objectives of the project. The meeting ended with a formal vote of thanks by Dr. Rajeev K. Singh.
