

ICAR-NBFGR conducted residential training for fish farmers on freshwater aquaculture

Lucknow, 26.09.2025

ICAR–National Bureau of Fish Genetic Resources, Lucknow, in collaboration with KVK-Katiya, Sitapur, organised a residential training programme on Freshwater Aquaculture during 22–26 September 2025 at its Aquaculture Research and Training Unit, Chinhat. A total of 25 fish farmers from Sitapur district participated in the programme. The training was inaugurated by Dr. Kajal Chakraborty, Director, ICAR-NBFGR, who encouraged farmers to adopt scientific aquaculture practices for enhancing fish production and livelihoods. Dr. Shailendra Singh, SMS (Extension), KVK Sitapur, also addressed the gathering. The programme, convened by Dr. S. K. Singh, Principal Scientist, provided practical insights into freshwater aquaculture technologies, while farmers shared their experiences and learning needs. Shri Sanjay Kumar Singh, ACTO, delivered the vote of thanks.
