

## ICAR-NBFGR organised Vigilance Awareness Week

ICAR-National Bureau of Fish Genetic Resources, Lucknow, organised Vigilance Awareness Week from October 30-November 05, 2023, started with the oath administered to staff by Dr. Uttam Kumar Sarkar, Director of the Institute, for being vigilant towards corruption in our day-to-day work and behaviour. Dr. Sarkar urged staff members to perform their duties as good and honest citizens as well as dutiful government officials to achieve the target of having developed India soon. As part of the awareness programme against corruption, staff and research scholars of the Institute formed a human chain and participated in a walkathon focusing on the theme, "Say No to Corruption; Commit to the Nation." The drawing, essay and extempore events were organised for the staff members and research scholars during the vigilance awareness week.
